- SURVEY STANDARDS**
- The plat values, azimuths and distances, are based on the project control survey system.
 - The boundary monuments shown on this plat have been field checked for location. The standard deviation for the monument positions is 0.1 ft.
 - The state plane coordinates shown on one monument are based on ties to national control monuments.
 - Certificates of Location have been filed at the County Recorder's Office and/or the County Surveyor's Office for the section corner monuments shown on this plat.
 - For details of this survey contact the Surveying and Mapping Section at the Minnesota Department of Transportation **Rochester**
